

## USING EVIDENCE-INFORMED INTERVENTIONS & ADDRESSING CRIMINOGENIC FACTORS TO IMPROVE OUTCOMES FOR PSYCHOEDUCATIONAL PROGRAMS

(STC-# 00812535)

*This workshop is designed for **group facilitators of psychoeducational programs** (substance abuse/batterer intervention/anger management, etc.), particularly those working with mandated clients who are often “resistant” to change. Participants will learn how to use evidence-informed interventions to improve client engagement, increase program retention and promote behavioral change. The 16-hour workshop will include 15 hours of classroom instruction and 1 hour of homework; using the curriculum “Another Way...Choosing to Change” to demonstrate the various interventions and interactions. Agency discounts are available for three or more participants.*

Upon completion of the workshop participants will be able to:

- ❖ *Utilize evidence-informed interventions to engage their clients and promote behavior change;*
- ❖ *Learn how to address criminogenic factors to reduce recidivism;*
- ❖ *Apply trauma-informed strategies to increase program retention;*
- ❖ *Develop effective outcome measurement tools to increase funding opportunities;*
- ❖ *Recognize co-occurring issues in their clients and make appropriate referrals as needed;*
- ❖ *Modify existing curriculums while maintaining fidelity to overall objectives and goals.*
